LEARNING PATHWAYS GUIDE

Three pathways to empower your skills with Microsoft 365

Targeted training, for concrete results, in your reality.

	Enterprise Deployment	Development and AI Agents	Productivity and Leadership
Public	IT, adoption, security	Development, architecture, consulting	Business, leadership, knowledge workers
Priority	Readiness, governance, security	Agents, integration, acceleration	Adoption, productivity, transformation
Starting point	Endpoint management	AI agent foundations	Copilot Chat
Outcome	Controlled Copilot deployment	Faster AI solution delivery	More effective teams
Duration	**12 days**	**4 days**	**4 days + 2 hours**

Pathways can be followed independently or tailored to your roles, objectives, and Microsoft 365 environment.

Eccentrix

LEARNING PATHWAYS GUIDE

Why choose Eccentrix?

Official Microsoft training, delivered live

Qualified instructors and interactive learning.

English and French delivery

Choose the language that works for your teams.

Public, private, and hybrid training

A format suited to individual, team, or enterprise needs.

An integrated adoption perspective

Connect skills, security, governance, and business outcomes.

Expertise trusted since 2013

Microsoft 365, cybersecurity, AI, and professional skills development.

> The right training does more than teach the tool; it makes adoption measurable, secure, and sustainable.

Ready to build your Copilot pathway?

Speak with our team to select the training aligned with your roles, Microsoft 365 environment, and AI adoption priorities.
